## Summary

Detail-oriented MCA student with hands-on experience in web development (PHP, MySQL, Bootstrap) and C programming. Developed multiple projects including a Work Management System and Bank Management System, showcasing strong problem-solving and database management skills. Certified in C Programming and React, with leadership experience as Event Head at VTU's Yuvothsava (YUKTI).

## Skills

- **Frontend:** HTML, CSS, Bootstrap, JavaScript
- **Backend:** PHP, MySQL
- **Programming Languages:** C language, Python
- **Other Tools:** XAMPP, GitHub, VS Code

## Projects

**Bank Management System (C Language)**                                                                    **Mar'24**
- Developed a console-based banking system in C using functions, structures, loops, and switch statements to perform core operations such as account creation, deposits, withdrawals, and balance inquiries.

**Work Management System**                                                                                **Mar'25**
- Developed a **Work Management System** using PHP, MySQL, and Bootstrap to manage client projects, costs, and profit sharing.
- Implemented features like **data entry forms, auto gain calculation, live search, and CSV export** for efficient record management.

## Certifications

- **C - Programming Basics(Link)**                                                                       **April 2025**
  Simplilearn/skillup
- **React Bootcamp (Link)**                                                                          **September 2025**
  Let's upgrade React Bootcamp
- **Hackathon competition (Link)**                                                                    **September 2025**
  Diyanta = 2025

## Education

- **Master of Computer Applications (MCA)**       **2024- Present (Expected Graduation: September 2026)**
  Visvesvaraya Technological University

## Leadership & Activities

- **Event Head in Yuvothsava(YUKTI)**
  Organized By – Visvesvaraya Technological University Belagavi.
